shirt _____ pants _____ boots _____

Parent/Guardian(s) shirt _____ shirt _____

Emergency Contact

Name _____ Phone _____

Freedom Hunt is a not-for-profit organization providing special needs children the opportunity to hunt. Freedom Hunt assists the candidate in Hunter's Education and provides an outdoor hunting and camping experience. Opening day gives each young hunter a spot in the field with their own experienced hunting guide, while a host of volunteers are at camp supporting this and other activities.

Our mission is to provide special needs children the opportunity to experience the wilderness through the eyes of experienced outdoorsmen and women. Our goal is to provide them with life long memories, inspiration, education and the tools to adopt a lifestyle that includes hunting, a love for nature and being out of doors.

Any medicine or medical treatment will be the guardian's responsibility for the weekend. There must be a guardian present at the event the entire weekend. One guardian will have the opportunity to be with the child and guide during the hunt. There will be a handicapped port-a-pot at the base camp.
